SUPPORTED LIVING

Services for individuals who are ready to reintegrate into the community

Service Profile

Elite Care Homes provides Supported Living Services for individuals who are ready to reintegrate into the community from residential care, and/or hospital stay. Our services are located in the West Midlands & London region, and are part of the Elite Care pathway from residential services to community services.

Our Philosophy

Elite Care Homes strives for excellence in meeting the individualised needs of people in a safe, dignified and caring manner. We provide a professional team who are skilled, respectful, compassionate, approachable and dedicated to their individual roles.

We will acknowledge and respond to carer and service user views which will enable us to monitor and where possible improve the service we provide.

Supported Living Services

Our services are individually tailored to put people first. Our aim is to create an environment that promotes choice, respect, independence and positive outcomes from their assessed needs, preferences and wishes.

We offer Supported Living services to individuals with the following diagnoses:

- A Learning Disability
- Mental Health Illness
- Autism (Including Asperger's Syndrome) and behaviour described as challenging
- Sensory Impairment and Communication Difficulties
- Those with a Forensic History stepping down from forensic services
- Dual Diagnosis'

The Support We Offer

Elite Care Homes promote and maintain the social, physical and mental well being, of all individuals we support.

Health

- Support with registering with a local GP in the area
- Completion of a Health Passport, a Health Action Plan and a Communication Passport
- To advise and support an individual to safely administer medication
- Support with ordering, storing, monitoring and reviewing medication
- Support to access primary care services such as GP and other hospital outpatient appointments as required
- Promote a healthy lifestyle and regularly monitor an individual's physical health and support them to access all necessary health services to address any identified concerns
- Effective collaboration with the individual and their family / friends and MDT such as advocacy, CMHT, CLDT and other key stakeholders
- Provide emotional support and encouragement

Accommodation

Elite Care Homes will assist individuals to source suitable and affordable properties. We work with various Landlords in West Midlands and London to provide assured tenancy to meet individual needs.

- Elite Care Homes will enable individuals to increase their skills of independent living in their own homes
- Tenancy Support
- Where housing needs change we will advocate on behalf of the individual to ensure that adjustments are made to the property so that it meets their needs

Activities

Elite Care Homes collaborates with the individual, their family and other professionals to develop a bespoke package of activities which meets their assessed needs, preferences and interests.

- We encourage individuals to establish and maintain links with their community mental health or community learning disabilities team
- Support in maximising access to meaningful education, training and employment opportunities
- Support to develop and maintain various Activities of Daily Living Skills such as cooking, budgeting, planning a holiday, shopping, personal care and gardening
- Support with going out on social outings e.g. going to a movie, a meal, a football match or a holiday trip
- Advice around personal budgeting and applying for benefits
- Advice on maintaining household equipment

Elite Care Homes Will Also Provide The Following:

- 24 Hour on call support
- A CQC Registered Manager responsible for overseeing each service who is either a trained nurse or has extensive supported living experience
- A keyworker for each Individual
- A Team Leader overseeing each service
